

Annual cultural fest

IIT Roorkee

# THOMSO' 23

AN ECLECTIC ELYSIA

o 13th - 15th OCT o

2023

## **ABOUT US**

Carrying a legacy for the last 41 years and growing at an exponential rate is not an ordinary thing. Thomso, the pride of IIT Roorkee as well as of North India has always kept up its promise to surpass every expectation. Such is the outreach of our startling fest that the Govt. of Uttarakhand has designated Thomso as the "Annual Cultural Festival of Uttarakhand" in 2005. Giving the perfect platform to the budding artists from all over the country, Thomso amplifies the vibrancy of the crowd to new heights.

## **DIRECTOR'S MESSAGE**

Kudos to the organizing team, faculty coordinators and the students of IITR on the grand success of Thomso'22, A Mystical Sierra.

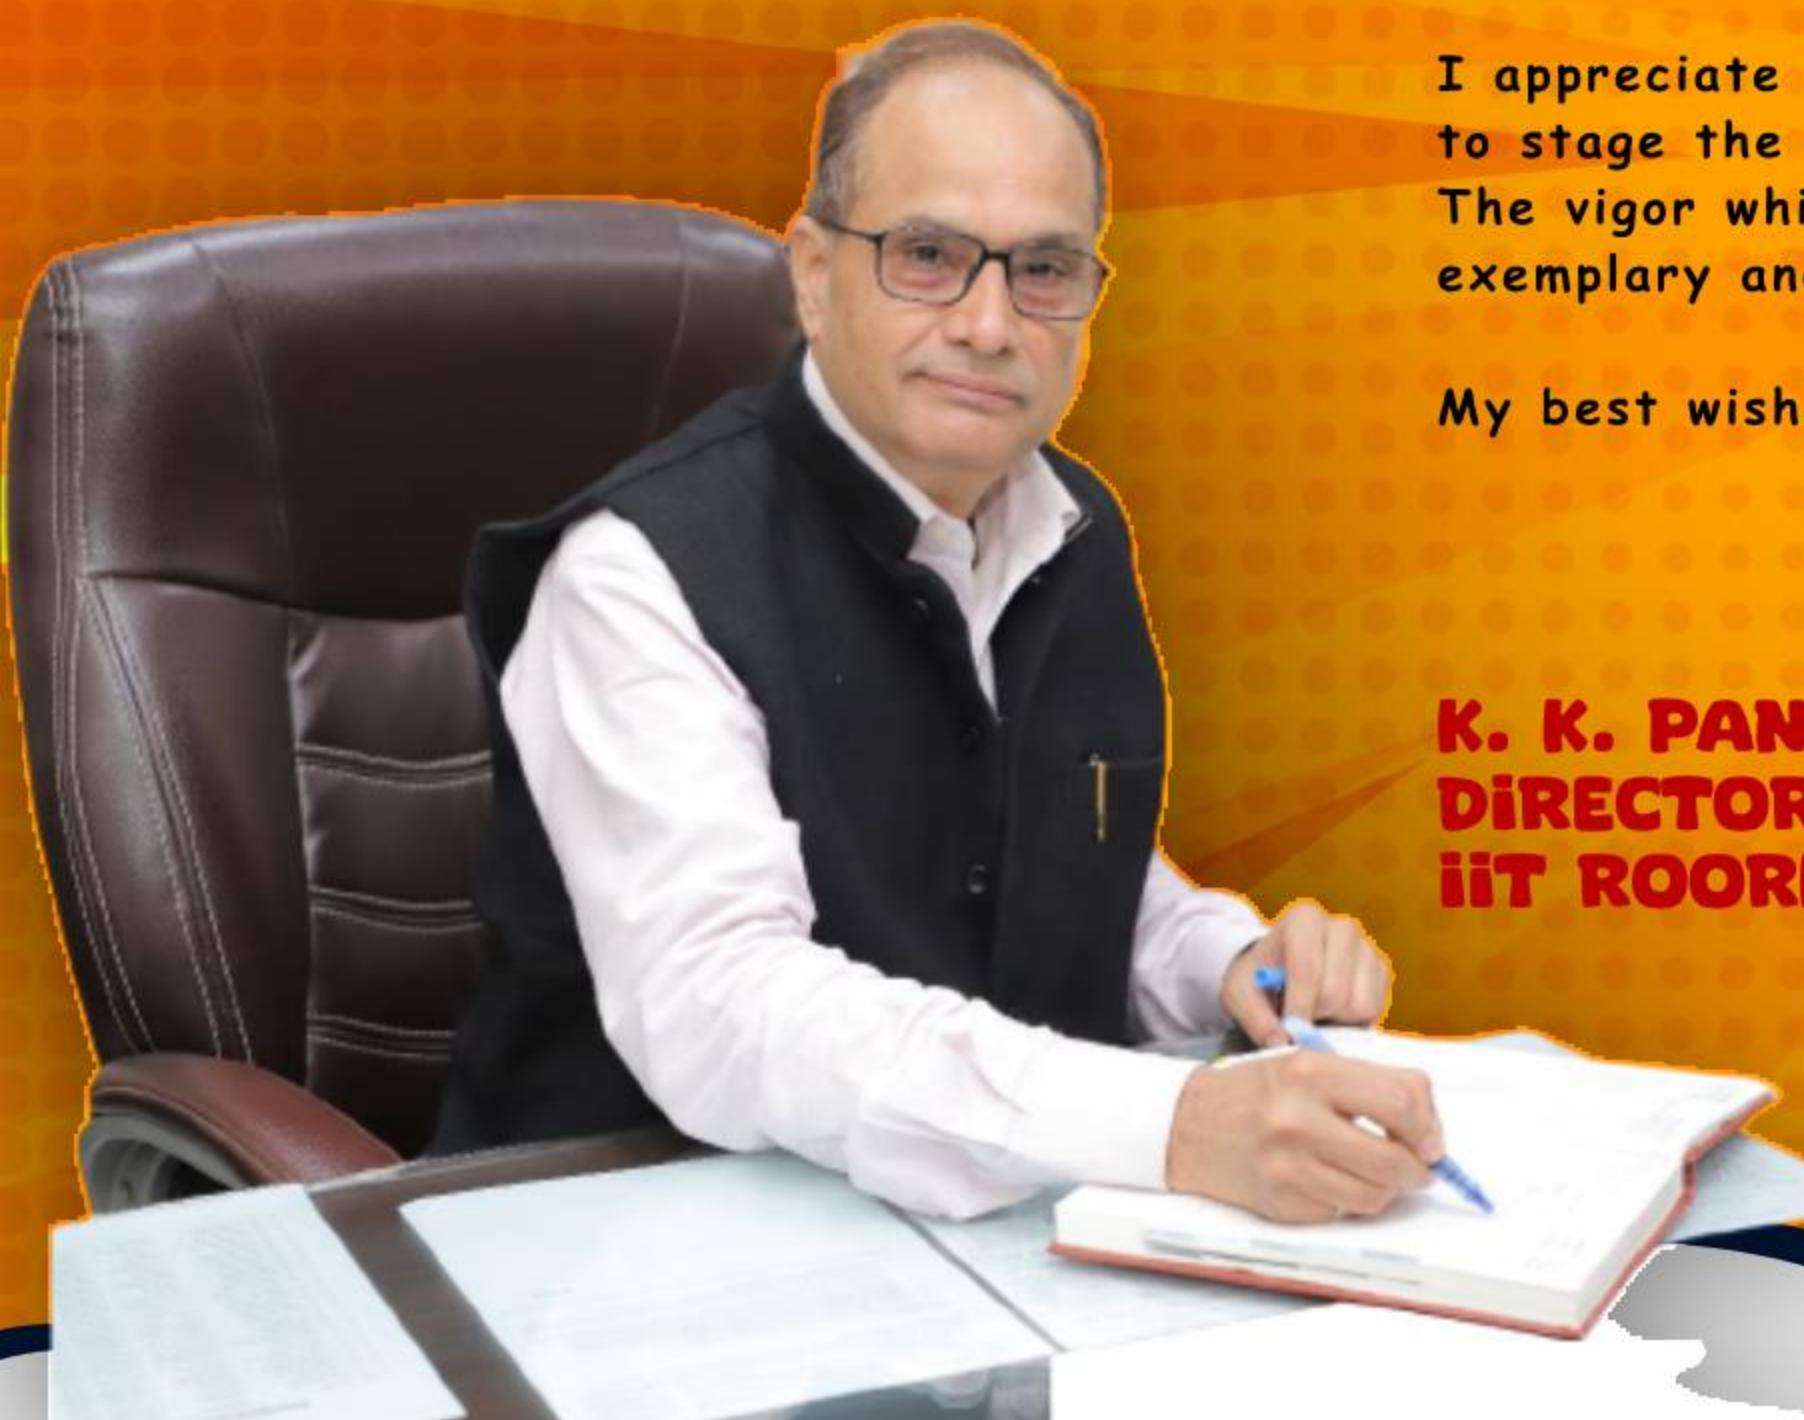

Thomso has been an integral part of the legacy of IIT Roorkee. It gives me immense pleasure to see the grandeur of this cultural extravaganza and its establishment as one of the biggest festivals of the country for decades. The exuberant ambience of the campus and the level of enthusiasm in students during Thomso weekend shows the significance of the event for Thomso participants.

Cultural and technical activities play a pivotal role in the holistic development of students and add to the rich experiences gained by them. At IIT Roorkee, we constantly try to impart education in a way so as to ensure that our students develop a dynamic and rational outlook towards society. Thomso highlights the values of teamwork and dedication in such an attempt, thus galvanizing the efforts to become a better human being.

I appreciate the flair and sincere efforts put in by the Thomso organizing team to stage the cultural fest at a magnitude which was pleasantly overwhelming. The vigor which accompanied the splendour of the 2019 edition was exemplary and can only rise to further horizons in the years to come.

My best wishes to the team and forbearers as well!

**K. K. PANT  
DIRECTOR,  
IIT ROORKEE**

## **COORDINATOR'S MESSAGE**

I am absolutely thrilled to shower the organizing team of Thomso'22 with my utmost admiration and respect. Their diligent hard work and intense devotion towards making the festival a grand and unforgettable experience is truly awe-inspiring. The entire team's phenomenal accomplishment has left me spellbound and mesmerized.

Staging an event before such a vast and diverse crowd was indeed a mammoth task but the team's unwavering commitment, arduous efforts, and wholehearted dedication, coupled with the support of their fellow co-coordinators, have resulted in a festival that was bursting with enthusiastic atmosphere and zealous participation-surpassing all previous editions of Thomso.

I also extend my heartfelt gratitude to the sponsors for their generous support at every step of the organization process. Thomso 22 has been a pleasant memory for all of us, forever basking in its glory of success. I am confident that the future organizing teams will build upon the efforts and achievements of the current team to make the future editions far more magnificent and enchanting.

**RAVINDRA PANDEY  
FACULTY COORDINATOR**

## O AN ECLECTIC ELYSIA O

'Eclectic' refers to the practice of collecting ideas from various sources or styles, rather than sticking to a single specific approach. It signifies a diverse or varied approach for seeking inspiration.

'Elysia' is derived from the Elysian Fields in Greek mythology. Believed to be a land of perpetual spring, the Elysian Fields were described as a place of tranquility and joy. Its inhabitants were said to enjoy eternal bliss, free from pain, sorrow, and any hardships they had encountered in their mortal lives.

Combining these two elements, "Eclectic Elysia" implies a paradise or utopia that has been created by drawing inspiration from a wide range of diverse fields. It suggests a place or concept that embraces and integrates ideas, concepts, and influences from various sources, resulting in a rich and harmonious fusion of different elements.

And that is how we describe Thomso'23 : 'An Eclectic Elysia' - the cultural festival that celebrates various traditions, music, dances and cuisines from around the world, crafting a 3-day utopia fit for Gods.
